

# Rubber Fab Technologies Group's **GAUGE GUARD PROTECTORS**

Protects Expensive, Fragile Gauge Diaphragms and Other Similar Instruments from Damage During Calibration, Routine Maintenance and During Autoclave Procedures.

Combine the Gauge Guard Protector with a quality Rubber Fab Gauge Guard Isolator Gasket to achieve complete diaphragm protection. A necessary and cost effective step in assuring maximum service life and accurate results from your instruments and gauges.

- 3/4", 1", 1-1/2" and 2" Sizes Available
- Manufactured using U.S.P. Class VI Platinum Cured Silicone and 316SS

SIZE	PART NUMBER
3/4"	42GGP-PX-075
1", 1-1/2"	40GGP-PX-100/150
2"	40GGP-PX-200

### **Caution**

Do Not Push Diaphragm with Fingers or Damage to Gauge Can Result and Gauge Manufacturer Warranty Could be Voided.

Rubber Fab Gauge Guard Protectors are specially designed to snap onto a sanitary Tri-Clamp® connection, protecting the ferrule face from damage.
